

## St Ives Town FC and David Smith St Ives Ltd: Building on a Winning Partnership

St Ives Town Football Club is proud to announce the continuation of our fantastic partnership with David Smith St Ives Ltd, a relationship that continues to grow stronger each season.

Following successful years of collaboration, David Smith St Ives will once again be a key partner of the club's Youth Section and will continue to support the club's social media, graphics, and video content output.

Over the past year, this partnership has helped the Youth Section thrive, providing vital resources and a platform to share our players' successes with the wider community.

David Smith St Ives, a respected and successful timber engineering business in the town for over 60 years, is renowned for its bespoke structural and architectural timber products, including Staircases, Firedoor sets, Joists, and Roof Trusses. Their commitment to developing skills and nurturing talent is reflected not only in their workforce but also in their dedication to supporting the next generation of footballers.

**Stephen Thompstone, Wyckham Blackwell Group CEO, said:**

*"It has been brilliant to see the positive impact our support has had on the club's Youth Section over the last few years. We are delighted to continue this relationship and to keep investing in the development of young people, something that is at the heart of our business values."*

**Mark Taylor, SITFC Commercial Director, added:**

*"This is excellent news for the club. David Smith have been a key supporter of the club for many years. This expanded Partnership will significantly underpin and be critical to the club's continued growth in the local community, growth in general and success. We look forward to developing this Partnership for many years to come."*

Here's to another year of teamwork, dedication, and shared success.
